## ONLINE TRAINING AGENDA

## March 26-27, 2025

	March 26, 2025
10:00-10:05	Introductory words: Ministry of energy
	I. Panel Geothermal energy
10:10-10:40	World Bank:
	Presentation on GHPs by Ivan Krofak, Energy Specialist at the WB,
	including main findings from the GHP report under the Geothermal RAS,
	followed by a presentation on experience in GHP support programs in
	Austria by Kommunalkredit GmbH ;
10:40-11:00	World Bank:
	Presentation on the online modelling tool, developed under the
	Geothermal RAS, by Olivier De Block, Energy Specialist at the WB,
	including some main findings from the reports under the RAS;
11:00-11:15	VEOLIA – Bulgaria: Experience of waste heat recovery from the sewerage
	network, Stanislav Stanev;
11:15-11:30	VEOLIA – Romania: Experience of developing shallow geothermal projects
	in Romania, Valentin Zaharia;
11:30-11:45	Project BGENERGY-1.002-0006 "Use of geothermal energy for heating and
	cooling of the municipalschool of High School "St. St. Cyril and Methodius",
	Strelcha", Vasco Katzarov
11:45-12:00	Project BGENERGY-1.002-0004 "Implementation of RES through the
	construction of a geothermalheat pump installation and reconstruction of
	a heating installation at Nursery Nº3, Burgas", Kamer Ahmedov
12:00-12:20	Questions and answers
12:20-13:30	Lunch Break
12.20 15.50	
	II. Panel Renewable energy
13:30-13:45	SEDA: "Handbook on investment process in RES"
13:45-14:00	Project BGENERGY-2.001-0072 "Modernisation of the system of street
	lighting in 22 zones, including main road thoroughfares within the city of
	Burgas", Georgi Sakaliev;
14:00-14:15	Project BGENERGY-2.001-0041-C01 "Rehabilitation and Modernization of
	Municipal Infrastructure - Systems for External Artificial Lighting of Triavna
	and Plachkovtsi, Triavna Municipality", Stelyana Boneva, Chief Expert,
	Sustainable Development Directorate;
14:15-14:30	SEDA: RES training programs for installers, engineers in investment
	design, Ivaylo Alexiev;
14:30-14:45	SEDA: Renewable Energy Communities, Ivaylo Alexiev;
14:45:15:05	Questions and answers
1113.13.03	

	March 27, 2025
	III. Panel Energy efficiency and green industry
10:10-10:25	SEDA: Existing EE policy, Ina Boyadjieva – Head of the EE Control Department;
10:25-10:40	Chamber of Installation Specialists in Bulgaria (CISB): The good installer - the path to the perfect installation, Mihail Deliyski
10:40-10:55	Energoeffect consult: Energy audit - the first step towards a good investment project, Mihail Deliyski
10:55-11:10	World Bank: Main findings from the work under the Renovation Wave Presentation of the main findings form the work under the Renovation Wave, including the main gaps identified in buildings renovation, proposed

FI, main findings from the Analytical Report on public opinion research, Ivan Krofak;11:10-11:25SEDA: Buildings – cross point for EE and RES ), Ivaylo Aleksiev11:25-11:40Project BGENERGY-2.002-0050 "Modernization of comunity center "Prosveta" city of Straldzha for achieving high level of energy efficincy and nearly zero energy building", Dimitar Andonov11:40-12:00Project BGENERGY-2.002-0006" Implementation of energy efficiency measures in the administrative building of the Municipality of Tryavna", Engineer Radostina Puhtova12:00-12:15Questions and answers12:15-13:15Lunch Break13:15 - 16:00IV. Training from Smart Innovation Norway (SIN)13:15 - 14:05Navigating Policies and Regulations for Energy Communities14:05 - 14:35Building Energy Communities: Strategies for Citizen Engagement14:35 - 15:05El-Hub: Powering Norway's Energy Data Management		
11:10-11:25SEDA: Buildings – cross point for EE and RES ), Ivaylo Aleksiev11:25-11:40Project BGENERGY-2.002-0050 "Modernization of comunity center "Prosveta" city of Straldzha for achieving high level of energy efficincy and nearly zero energy building", Dimitar Andonov11:40-12:00Project BGENERGY-2.002-0006" Implementation of energy efficiency measures in the administrative building of the Municipality of Tryavna", Engineer Radostina Puhtova12:00-12:15Questions and answers12:15-13:15Lunch Break13:15 - 16,00IV. Training from Smart Innovation Norway (SIN)13:15 - 13:35Unlocking the Potential of Energy Communities – Introduction & Overview13:35 - 14:05Navigating Policies and Regulations for Energy Communities14:05 - 14:35Building Energy Communities: Strategies for Citizen Engagement		FI, main findings from the Analytical Report on public opinion research,
11:25-11:40ProjectBGENERGY-2.002-0050"Modernizationofcomunitycenter"Prosveta" city ofStraldzha for achieving high level of energy efficiency and nearly zero energy building", Dimitar Andonov11:40-12:00ProjectBGENERGY-2.002-0006"Implementationofenergy efficiency measures in the administrative building of the Municipality of Tryavna", Engineer Radostina Puhtova12:00-12:15Questions and answers12:15-13:15Lunch Break13:15 - 16,00IV.Training from Smart Innovation Norway (SIN)13:15 - 13:35Unlocking the Potential of Energy Communities – Introduction & Overview13:35 - 14:05Navigating Policies and Regulations for Energy Communities14:05 - 14:35Building Energy Communities: Strategies for Citizen Engagement		Ivan Krofak;
"Prosveta" city of Straldzha for achieving high level of energy efficincy and nearly zero energy building", Dimitar Andonov11:40-12:00Project BGENERGY-2.002-0006" Implementation of energy efficiency measures in the administrative building of the Municipality of Tryavna", Engineer Radostina Puhtova12:00-12:15Questions and answers12:15-13:15Lunch Break13:15-16,00IV. Training from Smart Innovation Norway (SIN)13:15 - 13:35Unlocking the Potential of Energy Communities – Introduction & Overview13:35 - 14:05Navigating Policies and Regulations for Energy Communities14:05 - 14:35Building Energy Communities: Strategies for Citizen Engagement	11:10-11:25	SEDA: Buildings – cross point for EE and RES ), Ivaylo Aleksiev
nearly zero energy building", Dimitar Andonov11:40-12:00Project BGENERGY-2.002-0006" Implementation of energy efficiency measures in the administrative building of the Municipality of Tryavna", Engineer Radostina Puhtova12:00-12:15Questions and answers12:15-13:15Lunch Break13.15-16,00IV. Training from Smart Innovation Norway (SIN)13:15 - 13:35Unlocking the Potential of Energy Communities – Introduction & Overview13:35 - 14:05Navigating Policies and Regulations for Energy Communities14:05 - 14:35Building Energy Communities: Strategies for Citizen Engagement	11:25-11:40	Project BGENERGY-2.002-0050 "Modernization of comunity center
11:40-12:00Project BGENERGY-2.002-0006" Implementation of energy efficiency measures in the administrative building of the Municipality of Tryavna", Engineer Radostina Puhtova12:00-12:15Questions and answers12:15-13:15Lunch Break13.15- 16,00IV. Training from Smart Innovation Norway (SIN)13:15 - 13:35Unlocking the Potential of Energy Communities – Introduction & Overview13:35 - 14:05Navigating Policies and Regulations for Energy Communities14:05 - 14:35Building Energy Communities: Strategies for Citizen Engagement		"Prosveta" city of Straldzha for achieving high level of energy efficincy and
measures in the administrative building of the Municipality of Tryavna", Engineer Radostina Puhtova12:00-12:15Questions and answers12:15-13:15Lunch Break13.15-16,00IV. Training from Smart Innovation Norway (SIN)13:15 - 13:35Unlocking the Potential of Energy Communities – Introduction & Overview13:35 - 14:05Navigating Policies and Regulations for Energy Communities14:05 - 14:35Building Energy Communities: Strategies for Citizen Engagement		nearly zero energy building", Dimitar Andonov
Engineer Radostina Puhtova12:00-12:15Questions and answers12:15-13:15Lunch Break13.15- 16,00IV. Training from Smart Innovation Norway (SIN)13:15 - 13:35Unlocking the Potential of Energy Communities – Introduction & Overview13:35 - 14:05Navigating Policies and Regulations for Energy Communities14:05 - 14:35Building Energy Communities: Strategies for Citizen Engagement	11:40-12:00	Project BGENERGY-2.002-0006" Implementation of energy efficiency
12:00-12:15Questions and answers12:15-13:15Lunch Break13.15-16,00IV. Training from Smart Innovation Norway (SIN)13:15 - 13:35Unlocking the Potential of Energy Communities – Introduction & Overview13:35 - 14:05Navigating Policies and Regulations for Energy Communities14:05 - 14:35Building Energy Communities: Strategies for Citizen Engagement		measures in the administrative building of the Municipality of Tryavna",
12:15-13:15Lunch Break13.15-16,00IV. Training from Smart Innovation Norway (SIN)13:15 - 13:35Unlocking the Potential of Energy Communities - Introduction & Overview13:35 - 14:05Navigating Policies and Regulations for Energy Communities14:05 - 14:35Building Energy Communities: Strategies for Citizen Engagement		Engineer Radostina Puhtova
13.15-16,00IV. Training from Smart Innovation Norway (SIN)13:15-13:35Unlocking the Potential of Energy Communities – Introduction & Overview13:35-14:05Navigating Policies and Regulations for Energy Communities14:05-14:35Building Energy Communities: Strategies for Citizen Engagement	12:00-12:15	Questions and answers
13:15 - 13:35Unlocking the Potential of Energy Communities - Introduction & Overview13:35 - 14:05Navigating Policies and Regulations for Energy Communities14:05 - 14:35Building Energy Communities: Strategies for Citizen Engagement	12:15-13:15	Lunch Break
13:35 - 14:05Navigating Policies and Regulations for Energy Communities14:05 - 14:35Building Energy Communities: Strategies for Citizen Engagement	13.15- 16,00	IV. Training from Smart Innovation Norway (SIN)
13:35 - 14:05Navigating Policies and Regulations for Energy Communities14:05 - 14:35Building Energy Communities: Strategies for Citizen Engagement		
14:05 – 14:35 Building Energy Communities: Strategies for Citizen Engagement	13:15 - 13:35	Unlocking the Potential of Energy Communities – Introduction & Overview
	13:35 - 14:05	Navigating Policies and Regulations for Energy Communities
14:35 – 15:05 El-Hub: Powering Norway's Energy Data Management	14:05 - 14:35	Building Energy Communities: Strategies for Citizen Engagement
	14:35 - 15:05	El-Hub: Powering Norway's Energy Data Management
15:05 – 15:35 Funding opportunities for Energy Communities	15:05 - 15:35	Funding opportunities for Energy Communities
15:35 – 16:00 Questions and answers	15.35 - 16.00	Questions and answers
