On the 29<sup>th</sup> of January 2021 (Friday), at 11:00 a.m., the Gabrovo Youth Centre hosted its first information meeting on the project BGLD-2.001-0009 “Opportunity for young people to express themselves - establishment of a youth center in Gabrovo”, funded by the EEA Financial Mechanism - established and funded by the Principality of Liechtenstein, the Republic of Iceland and the Kingdom of Norway.

The initiative aimed to acquaint the public with the activities within the project, its scope and priorities. During the meeting, the team explained the Centre’s functions, the location and reconstruction of the existing Summer Theater, as well as the amenities in its immediate proximity.

The central idea of the Youth Centre Gabrovo is to serve as a focal point for youth activities. The Centre’s approach is based on creating new opportunities for young people, by offering activities associated with their formal and informal education, personal development, career orientation, exchange of experience, as well as best practices in facilitating equal start along with all of their European peers.
